Pheasant Hunt Area 9 (Glendo Special Pheasant Hunt)

Pheasant Area 9 is a special pheasant hunt area in Platte and Converse counties. The Wyoming Game and Fish Department releases pheasants at least twice a week during the special season in Area 9. These releases are divided among three locations around Glendo Reservoir: County Line in Converse County, approximately 10 miles north of the town of Glendo, accessed from the Glendo Highway (WY Hwy 319); Airport Bay, one mile north and east of the town of Glendo, also accessed from the Glendo Highway (WY Hwy 319); and Muddy Bay, approximately 15 miles east and north of the town of Glendo, accessed from the Glendo Park Road to Meadowdale Road, to Muddy Bay. The actual hunt area is defined as all Bureau of Reclamation Withdrawal lands bordering and including Glendo State Park and the adjoining Department Private Lands/Public Wildlife Walk-In Areas, but the three previously mentioned locations are the only areas where pheasants are released. There are few, if any, wild birds in Hunt Area 9. Therefore, it is unlikely pheasants will be located anywhere in Glendo State Park or the adjacent Bureau of Reclamation withdrawal lands except in the immediate area of the release sites.
